“ My Aunt Pat has always been known as "The Great One" to our family. She was the closest person to a second Mom in my life. She was my own Moms "twin" and we grew up knowing how special she was in our life and especially in my Moms life. Whenever we heard Aunt Pat and Uncle George were coming to town with their family we were so excited! We had so much fun with all our cousins and watching my Aunt Pat teach my Dad the bible, he would question it and she would have all the answers! I have great memories of our trips out there to Missouri to visit, one that especially stands out is when we went to Precious Moments and I was driving with her and the whole way home she taught me her high school song to BJH and I still sing it to this day. She left me with a lot of special memories that I will hold dear. She was my Aunty Patty and I will forever be a better person for having her in my life.

Love your niece, Michelle Madison
