“ *I have so many great memories of Carolyn. She was always "Bernie" to me! She earned this nickname before we met and I was told that it stemmed from the "Chickenman" segment that was part of a local radio station. We met when she was still in high school in Grinnell, Iowa and became fast friends. We had many laughs and great times, especially at the Drive In theater where she worked. Even though she moved away, I always knew that she was a friend I could turn to and rely on. She was much loved and will be greatly missed!*
