“ Elizabeth is my mother. She was my mom and dad when she left my father to raise me and my brother on her own. She cared for us better than anyone could ever imagine. My mom was not a person who look to have the spotlight. She pushed everyone around her to be better and she in turn got very little, just like she liked it. Now she did have her faults like all humans do, but I can't think of many right off the tip of my head. As I sit here texting this my eyes are welling up with tears. I miss you mom so much, I love you
