“ *She was so very much loved and will be so greatly missed. She was always ready for a laugh and willing to help in any way she could. The heavens must be rejoicing because they've gained another angel and thank you lord because she was a treasure she was to have here with us. Deepest condolences to her family and friends.*

“ *Rest in peace Felicia, you will be greatly missed by me and my family. I remember she was always so kind, and willing to help anyone without judgement on their situation or past. Made everyone feel welcome even when she herself was going through it or in pain.*

“ *First I am so sorry for the family's loss. I know how much her kids and grandbabies meant to her. She talked about them all the time. I can't believe this happened and I just now heard about it. I went to your job the last 2 nights to talk to you & say hi. This sucks- we just became friends. Already missing ya!*
