“ Michael, I am so sorry to hear of the death of your son. (The good seem to die young)
Theresa and I are first cousins. My family moved to Kansas City with I was young so have not had a lot of contact with family in your area.

*May God bless you and all those who were touched by Francis.
May be shine in glory in the house of the Lord.*

“ I am so sorry for your loss. My deepest condolences to the family. I use to talk to Francis online in a chat group called #ranma!. He was known as Dustoff. I met him when he visited California many years ago. He was a very sweet person. He will be missed.

“ Francis and I used to play games online 20 years ago. He was my first real gaming friend and we spoke a couple of times of the phone as well. A truly lovely man, I enjoyed our gaming and conversations.
It's been a long time since we last spoke but a true friendship has no distance or time. I was so saddened to hear that you're no longer with us, but you'll always be in my memories.
Rest in peace my old friend Dustoff, love always from your Australian friend Lauris.

“ *The Man, The Myth, The Legendary Velten! You will be missed from discussions on the finer things in life, to the advice you gave so freely. Your laughter and good nature ability to lead through the chaos in all the things we faced online together. From the memories we shared together, to the sorrow from losing you, has brought those times into a special place within my heart that shall endure until my own candle of life is extinguished.*
