“ I first met Jerry rotating at UTMB as an anesthesia student about 13 years ago. He was one of the first CRNAs I'd worked with that allowed me to have free reign and it really helped me gain confidence. He had such a calm, cool, and nice personality. It was always a pleasure to work with him and catch up on life over the last few years. He has been missed by many at UTMB.

“ I worked with Jerry for many years at UTMB. Jerry was an excellent anesthetist and a good colleague. He provided excellent care to his patients. I will always remember Jerry talking about his hunting trips, his garden and his truck which he maintained for many years. My condolences to his family. Rest in peace Jerry.

“ Jerry was a co-worker of mine at UTMB, for about 10 years prior to Hurricane Ike. I was not a hunter, but loved following the stock market during the internet boom / bust period. We spoke daily about the market and it's future direction in the hopes of striking it rich someday :) I know Jerry struck it rich on Friday, when he made it back home. Wish Him and his family the very Best! God Bless 🙏

“ This week we share your pain . Last week our brother always called Peanut win his battle over heart defects. Like your sweet and holy buddy, brother , husband. He became more involved. This is actually the fourth death in our community this week of people who were above average when it came to service and fun and prayers. We will hold you in prayer as we too prepare for our brother's service,.

Please know we are so grateful you have shared his life with us.

Rest In Peace all four servants of God who are now being served with Angels.💔💔💔💔💔
