“ *Sending my deepest sympathies to Janet and all of the family. It was such a joy to get to know Helen better when my Dad (Ken Calton) was staying in the Lacoba apartments. Helen would call and check on Dad and sometimes ride her scooter over to visit him. She was a bright light in so many people's day-- which is such a legacy for all who knew her. God bless you all.*

“ *I recently visited friends in Monett and dropped in to see Helen. I had not seen her for such a long time, she remembered our time together at First Methodist Church. Such a kind, sweet lady. She is now at HOME with many of her family and friends, celebrating with Jesus. One Day we can be reunited , so much to look forward to. Love this family.*

“ Janet: We was sorry to hear of the passing of your sweet mother, however, I know she is now in a much better place. You have no regrets as you were so good to care for her and make sure she had just what she needed. She always enjoyed our "Music Time" at Lacoba. What a sweet lady she was. Our prayers are with you and your family.

“ Not the best picture but certainly a great memory. I never saw this sweet lady that she didn't have a smile on her face. I can never look at this picture & not smile all over again. God Bless her family in these days.

“ My Aunt Helen was my mother's older sister. My mother Dorothy was close to Helen so I spent a lot of time with her when I was young. Helen being the oldest was the help mate of my Grandmother. When I was young we traveled to Grandma & Grandpa's house and Helen would be there or we would stop to see her before we left the area. Very fond memories. My mother passed in 1958 when I was 20 so I lost contact with Helen for periods of time. I was married with 4 children and a working mother. Later in life I would visit Helen and find out more about family history. Helen was the family historian and she was the go to person for information. Later Helen told me she always wanted to be a member of the Daughters of the American Revolution organization and ask me to find a connection for her. She gave me the information and ask me to finish. My goal was to find the connection and I did. I presented it to her on her birthday. Whne I ask her about joining now her answer was 'I'm to old now to be hold an office and do public speaking.' Anyone that knew Helen can appreciate why she said that. I had to laugh cause all the time I had put in it then she didn't want it. That was my Aunt Helen.

“ Helen was such a treasure! She was so lovely and gracious. I knew her at the Methodist Church as far back as I can remember. She helped me find a job in Springfield. I am so sorry to hear of her passing, but cannot be sad for an incredible life of 105 years. God has welcomed her home!

*Helen or Mrs Dixon as we on the corner of 9th and Sycamore called her, was lovely person. I used to say I was named after her as my middle name is Helen. While staying with Jean Hinds Hartman I heard she was just around the corner from Jean and we had a lovely visit the day before her passing, I have great memories of her and the entire family, I remember well the day Ann came home and what fun it was for Jean and I to watch her sleep = all done up in pink, She lived a long life and the world is a nicer place because of her, she is going to be greatly missed by all who knew her. Blessings to Janet and Ann and the grand children. Judy Thurston Thomas*

“ *Janet, our hearts are heavy as we think of Helen's passing! She meant so much to June and Bill, my mom, and Jerry and me! I remember when my mom was alive, she would tell me after seeing your mom across the dining hall, "Helen always has a smile, even if she is not talking to anyone."*

*She leaves an unparalleled legacy to all who knew her, regardless of if it was for only a moment in time all the way to having known her for a lifetime! What a beautiful witness, influence, optimistic lady she was!*

*So very thankful June had the moments to share with her recently when you brought her over for their visit! She cried yesterday morning when we heard she had passed. Thanks for making it possible for them to have that last visit!*

*I can see her in heaven greeting everyone and bringing all our loved ones up to date on everyone left behind here. I can hear her giving information (accurate and exact) for every subject that anyone would have questions about, not only for her 105 years here, but even before that!*

*Your family is in our prayers and thoughts!*
