“ I know he passed 5-6 years ago but I started to feel nostalgic and wanted to check up on my classmates and teachers. I was one of his students at SRTC in 2016-2017 and he taught me (as well as so so many people) a lot about computers. I have much to credit him for going into a computer related field for college and it is a shame that he won't be able to share the love for this field of technology anymore. - Truman Farnsworth

“ John was an amazing teacher and taught me a lot about the trials and tribulations of IT, and even managed to crack a smile at my awful jokes. I'll always remember him for being the man that got me truly excited for a career path. I can only imagine how proud his family is for all the work he has done preparing the youth for their adult lives.

“ RWB John Eden, was totally inspiration to my Masonic Journey, he was a very good teacher of the craft and a outstanding Mentor to each and everyone that crossed his path. His little smirk when he asked you to repeat what was just said, then afterwards that is what I thought I heard you say. His presence will be missed by all. We all loved John. Condolences to the entire Eden family from Central Crossing Lodge #674, Shell Knob, Missouri. R.I.P. my friend and Brother.
