“ RIP John

I was friends with Catie (his last girlfriend) I was very close to her. Every time I talked with her I always spoke to John. I didn't know him well but I know from the few time I spoke to him, he was kind, caring, funny, and loved my friend unconditionally. I was great full for that. I know when John lost Catie he was broken. Many of us in Rhode Island reached out with support, and he was willing to talk to us. I'm thankful to be able to have spoke with John. He left a impact on a lot of family and friends. He will be missed by many people.

John Thank you for loving my friend endlessly. Look over your family and friends and help them find some light and peace in this tragedy of losing you.

My condolences to all of Johns Family and friends.

“ John we had some great memories in high school and even in college. We have done some crazy stuff. I remember in high school every time all the girls would go and stay at someone's house we would all get together and try to sneak over there to scare or prank them. We are going to be really missed. I was hoping one day you would build me a rat rod. You will be in my thoughts. I will be praying for Delores, Larry, and the rest of your family.
