“ I still wish I could turn back time and correct somethings, but I'll never regret sharing my life with you. You are still here with us and missed. I will always love and miss you

“ I will forever be grateful to have you as a father. When I was lost, you found me and helped me re shape my way of thinking. I wanted to go back to iowa so bad and you sat down next to me and pointed out at this dark sky and gestured tward the empty parking lot beneath. You said," what a ugly but equally beautiful world it is". "Life is a roller-coaster, up down and all around but the secret is to know that goodtimes are always just right around the corner. ALWAYS. You are dearly loved and missed. I'll catch up with you someday dad. I love you! - Kennith Douglas III
