“ Sending my deepest condolences and prayers to the family of our friend Kevin. I had the pleasure of working with Kevin for the last 3 years and his kindness was infectious. Kevin was a great mentor and role model for anyone who worked with him. He was my resident computer “guru” and would help when it came to any program issues. Kevin, we had a quick chat on last Saturday and I told you how much I appreciated you for your help. Looking back, I am so glad I was able to tell you how I know we all felt about you. You are so missed here at work. Rest easy, my friend. - Madelyn Creegan

Kevin I had the pleasure of working with you for many years both here at Transcom and at Sutherland. Your leadership, creativity and ability to motivate others was something you brought to your work family every day. But what I think was your true talent was making others feel appreciated and capable! I am so happy we had a chance to finally meet in person after all these years and were able to share a hug and much laughter! May you rest in peace ... your time here may be done but the impact you made will live on in the many hearts and minds you influenced! ~. Karen
