“ Kim was a very special person to all who knew her. She touched many lives from the students she inspired to those lucky enough like me to have worked with her. Austin, cherish the memories and live your life to make her proud just as you have always done. She's now your guardian angel and will always watch over you and your family. I'm so sorry I can't make her service but know my thoughts and prayers are with you.

“ Kim saw the best in people. I was a student that caused a bit of trouble and was a pain. Sr year I was living on my own and working a full time job Monday-Friday. I had her for HomeEc first hour and always came in wore slick, tired, and hungry. She would have me go to the kitchen and make the class breakfast often. I knew it wasn't for a class project but did it anyway. She always had a kind work and a way to encourage me. I will always appreciate and honor her by treating others the way she treated me. She was a genuinely good person.
