“ *I remember when Les came to stay with me back in the early 2000s I found out he passed away not too long ago he and I were good friends when he live in new England I lost touch with him in 2002 or 2003 and never knew where he was. I am saddened by hearing about his passing. My condolences go out to his family. I could not believe he was gone until I just read his obituary. He and I worked together. And he stayed with me and I tried to help him out. He was s kind spirited man.*

“ When my daughter started dating Les it was a while before she introduced him to me. I will never forget the day we met....He walked up to me and shook my hand and said "It's good to met you..." I was very impressed....then he turned around and I saw "PSYCHO" tattooed down the back of his arm....and I thought to my self who is this guy.....He attended my wedding with my daughter and cleaned up real well.....He will always have a piece of my heart and will forever be in my prayers...
