“ So I would like to share many a time that John was able to help me over the hurdle of learning how to be a cattle person and a farmer. He could tell some funny stories about my stupidity however, I always felt that he was really there for me and was so kind And gracious in the days when June Adams lived in the yellow house, we shared a funny story, where June, who had dementia, sold her Hay Two two people.

Sadly, this week I will be attending a conference with the FEMA Chaplains and I will not be at the visitation nor at the funeral because I'm out of town. Please know that I am sad. I will not be there physically present to honor a man who was always a model Farmer, kind, and a man who could laugh with me over my mistakes. John, I will miss you and thank you for everything you have done for Pierce city and for others.

Rest in peace
