*When we moved from IL to MO & became members of SS Peter & Paul Church, Nancy & Bob were the 1st adults to invite us to become part of a social group. Over the years those people have become our closest friends.  
Never having lived hearing a southern accent, I was unaccustomed to that speech pattern. Early in our relationship, Nancy told me her handle for using her CB radio was "flar lady". After her repeating it 3 times, I finally realized she was saying "flower lady" because she had a florist business at that time...& she was really good at it! Her kindness in many areas remains in our hearts.*
