“ Aunt Nez made the world a better place with her loving and joyful presence. I have so many great memories of the time I spent with her as a kid hunting for rocks and arrowheads and learning about sweat lodges and just being with her, getting the best hugs from her. I'm so grateful to have known her and will miss her terribly.

“ Inez was a special person to me when we owned Town and Country. We liked to share stories about Spirit and she liked to tell me about her crystals, especially her moonstone. We even went Ghostbusting in Town and Country one evening. She will do well in spirit form. Love to my friend ,Carolyn Flummerfelt.

“ *Inez was such a sweet soul. Many fond memories of her and Johnny Ray with my parents. I'll never forget the time we were all at my parents and my son and nephew were playing outside and my son got several wasp stings all over his torso and arms. They were welping up big time & my little guy was around 7 years old. Inez took some tobacco out of her Medicine pouch, wet it down with her mouth & started holding it on the stings. Sure enough it gave him some relief & he calmed down. He loves to tell the story how she “saved” his life when he was little. I still have the framed arrow heads she displayed of ones my dad knapped. She will truly be missed.*

“ Inez wrote this little ditty in about 1980 / 1981. I think she only wrote one verse, or maybe I just forgot the others but I wanted to share this because this one little verse expresses who she was and how she lived so succinctly. I love you Nezzie, thanks for the "Pocketful Of Memories."
