“ Many years ago, on a brisk Saturday morning Bill and Deb asked my wife and I if we'd like to go house hunting in the Antelope Valley of California. Bill asked what we were doing, I told him I was going to watch some football. He said "You don't even like football, why don't you drive out with us?"

That was around 1988-89. We took the drive. Simply stated, it changed the trajectory of our lives. We still live in the Antelope Valley, our son was raised there, our grandchildren attend school there. It became our home. Had it not been for Billy's quick retort, we might never have made what has turned out to be such a wonderful life here.

Billy was the kindest, most hospitable guy anybody could ever imagine meeting. I'm so sorry to hear of his passing. I wish so profoundly that it wasn't so.

“ I am sharing a picture of a very special memory of my Uncle Bill. He surprised me by showing up to my wedding in Texas in 2008. Drove his motorcycle across the country to be there! Uncle Bill was the first contact I had with any Cholley relatives since I was a kid. I will forever be grateful that he found me and my sister Amber on the internet!

“ Sending out prayers of peace and comfort. Bill was always such a welcoming guy. Spent a lot of fun nights at the Cholley's house growing up through high school and college. He will missed. Gave me hard time just like he would his own kids.

“ I remember when Billy was just a sweet kid! And then later, he reconnected with my family here in Texas. He came to my daughter Kim's wedding in 2008. He was my brother-in-law, and Kim and Amber's uncle. Condolences to all the family and all the people whose lives he touched.
